

Please do not take away our FM Translators. Why is it in today's world when we need positive thoughts and feelings it is attacked and mindless, negative thoughts and feelings are allowed on the air? My whole family listens to K-Love and my husband who I thought would never open his heart has. That to me is a miracle; PLEASE do not take that away from us. I support K-Love and I feel it should be left the way it is. If you take away K-Love then I want all the Spanish speaking/hard rock taken off FM too. To me this is being prejudice and a violation of our amendments. Like I said I'm asking nicely, PLEASE DO NOT TAKE IT AWAY or there will be a long fight to keep stations like this on the air.
